

# 1915 OSHA 30-HR - MARITIME INDUSTRY

*This course is designed to give the student an in-depth understanding of 29 CFR 1915, Occupational Safety and Health Standards for Shipyard Employment, as well as addressing the unique hazards found in shipyards. This class uses actual examples of workplace hazards, accidents and incidents to illustrate safe work practices. Special emphasis will be placed on those hazards that have traditionally caused the highest losses. Upon successful completion of this course, the participant will receive an OSHA 30-Hour Maritime1915 Outreach DOL course completion card.*
