Tuesday, January 19, 2009 if you  
plan to attend.

**HAPPY★NEW★YEAR**

**Hello to everyone from your board members at ASSE. We hope that thus far you have had a wonderful beginning to a New Year. Are you curious as to what the New Year will introduce into the safety and health industry including your company? What about the changes our new presidential staff will introduce to the safety field? This is a time for safety professionals and ASSE members to step up and make a difference. We have fallen short when it comes to increasing our membership and monthly attendance. This is the time to set goals as New Year's Resolutions. 1) To get involved in your local ASSE Chapter, 2) Increase membership, and, 3) Finishing 2009 accident free. That being said we all invite you to get involved with ASSE. We meet monthly, have great speakers, presentations and it is a great time to network with other safety professionals in your area. We are changing our meeting time and locations to encourage participation of our membership, so make sure you watch for place and time each month. We feel that you will love the experience and look forward to seeing you there.**
