

ASSE Mobile Chapter Board Meeting Minutes  
October 21.2009

The Board Meeting commenced at 11:00AM and was opened with a prayer by Torrey.

1 The Wiregrass Chapter located in Dothan, AL. has struggled to sustain membership in the past and has now declined to fewer than 40 members, the required minimum for a chapter. Although Dothan is geography closer to Birmingham, culturally and territorially they are closer to Mobile so they will become a section until they regain their minimum membership. So let's do what we can to help out.

2 It was decided but not announced after the previous meeting that the Mobile Chapter has a new Webmaster Kristi Weatherford. Many thanks to Kristi she is already doing a great job, let her know that when you get a chance.

3 Mobile Chapter Officers and their email addresses will be added to the website.

4 Now that the chapter has a Webmaster, she may need some tools to work with. "Dream Weaver" auditing software may be the first choice. ATN may have it available, if not, the Chapter needs to consider purchasing it.

5. There was some talk about having a joint meeting with the Gulf Coast Maritime Safety Association; it would feature a high angle rescue from a crane by MFD Rescue similar to the real rescue at Port of Jacksonville, FL.

The Board Meeting concluded at 11:38AM

David O .Barr CSP

Secretary Mobile Chapter
