Member At Large

TGalsip@aol.com

Bill Burchett
(251) 943-5001
Delegate

billb@riviera-utilities.com

Mobile Chapter www.asse.org

WELCOME BACK!

Football season is here, school is back in session and everyone is getting settled into their routines again. That includes the Mobile Chapter of ASSE. The scheduled meetings will change somewhat this year as our meetings will be held by sponsor companies and shall include lunch. We would like to encourage you to increase your participation by attending monthly meetings, brainstorm new and innovative ideas, bring a friend or business associate to increase our membership, and assist with the rebuilding effort of the Mobile Chapter. Our Chapter is in need of active participants and we need to reach out in the community, schools, retirees, and within our business circles to make a difference.

We are currently making changes to our website and would appreciate input from the membership on areas of interest, i.e., networking, training, OSHA updates, job opportunities and safety tool kits. Please submit your ideas to any of the chapter officers.

In addition, we are looking for company sponsors for the November meeting. If you can provide assistance with this endeavor, please contact Kevin Saucier.

We are very proud to announce the Mobile Chapter of ASSE will be the host of the Gulf Coast Safety Conference to be held April 9, 2009 at the Fairgrounds. We will be partnering with AGC and Charlotte Kopf to provide the community with good speakers and great training. As you know, this is a major event and we encourage you to get involved early. If you are interested, please contact an officer for details.

It's time to get involved. Step up and support your local chapter by getting involved in growing our membership, or by contacting someone who may be active but hasn't been attending.

“WE CAN ALL MAKE A DIFFERENCE!”
